Sponsorship of Educational Events

If an outside entity wishes to have an educational event sponsored by the SREMSC Inc. there must be a proposal brought to council. In addition to reviewing the content and target audience of the event the proposal must also include the following information:

- Amount of money requested from SREMSC
- Specific explanation as to what the given money will be used for (i.e. what impact will the sponsorship have)
- How SREMSC Inc. will be recognized for the contribution (e.g. publicity, reserved spots at the event, etc.)
- What percent of the total event budget the contribution will constitute and amounts requested from other organizations
- All of the above criteria may be fulfilled by a standardized and publicized list of sponsorship levels.

Upon review of this information an amount of money may be approved from the "Training and Education" line item of the budget.

Following the event the entity shall provide attendee satisfaction data to SREMSC, Inc.
